

The 2-hour day EzeScan BCR Administrator Training Course provides the students with the relevant information that will allow them to administer and operate the EzeScan BCR software. This will allow them to create EzeScan job types that can be used to scan and process bar-coded documents within their organization.

This EzeScan BCR Administrator Training Course is taught using the relevant sections from the EzeScan User Guide.

## Pre Requisites

EzeScan PRO Administrator Training.  
EzeScan KFI Administrator Training (if BCR is used with KFI).
